

Oven

Ref.: BXP6555B

Product highlights

QuattroPulse This new muffle construction concept circulates the warm air flow in the cavity with increased speed, thus evenly distributing the heat. The result: successful and even baking at all levels of the oven.

SmartAssist This function suggests a cooking time appropriate to each of the oven's functions: programming becomes quick and convenient.

EasyStart After three successive identical settings, EasyStart stores your favourite cooking modes. The oven automatically adapts to your culinary requirements.
