## Fridge

**Ref.: DRL1770EB**

## Product highlights

**Ultrafresh** The Ultrafresh is an activated carbon filter that captures bad odors and absorbs ethylene gas. This way, your fruits and vegetables will be preserved up to 3 times longer.

**Cheese box** This accessory offers a dedicated space for a better conservation of your cheeses while avoiding the mixing of odors within the fridge.

**Cold Air FAN** The cold air FAN helps to preserve food twice as long. Thanks to the ventilation in the fridge the

temperature is homogeneous and the humidity is constant.
